## The canteen in my school.

The canteen is between the special needs student building and the playground.

There are many large windows.

The food is yummy and varied : vegetarian meals, special meals on different occasions (Christmas meal, Spanish meal...) Sometimes there is soup and ice cream.

*I'm one of the canteen cooks and we arrive at 6:00 am because all we cook is freshly prepared. We must be organised to cook for 500 students each*
